- ❖ Never machine wash or tumble dry cushions, slings or umbrella covers as this will result in shrinkage or damage.
- ❖ Rinse wicker patio furniture with a hose or pressure washer. If the wicker is really dirty, you can use mild soap with water. Allow to dry completely before using or storing.
- ❖ To clean your patio umbrella, use a soft brush and mild soap and water. Allow to dry completely before storing.
- ❖ Avoid placing hot objects directly onto table top surface without a heat protector.
- ❖ Always store and/or cover your patio furniture in a cool dry place when not in used and away from direct sunlight.
- ❖ When storing, never wrap cushions in plastic. Plastic doesn't allow the cushion to breathe and can cause it to mildew if there's any moisture present.

- ❖ Never use bleach or strong solvents to clean as this will cause damage to both fabric and metal finishes.
